

MEGA-TEC EV – Home & Estate DC Charger

40KW wall-mounted single-gun fast charger · compact design

IP55 weatherproof

Professional installation

**Installed & commissioned by
MEGA-TEC**

Nationwide support

Real fast charging at home, not a slow trickle unit. This compact 40KW wall-mounted charger delivers DC fast charging a typical EV completes in around 1 to 1.5 hours, with a 7-inch touchscreen and network connectivity built in. Its small footprint keeps installations clean and unobtrusive, and IP55 weatherproofing suits Nigerian conditions. Requires a three-phase 380V supply. Fitted and commissioned by MEGA-TEC's certified technicians.

Application

Homes, estates & small commercial sites with three-phase power
